Dear Ms. Karen R. Cotton:

Subject: VIRGIL C. SUMMER NUCLEAR STATION (VCSNS)
DOCKET NO. 50/395
OPERATING LICENSE NO. NPF-12
NUREG-0932, RENEWED OPERATING LICENSE AND APPENDIX A
(TECHNICAL SPECIFICATIONS)

Reference: Mr. Rajender Auluck, Sr. Project Manager, License Renewal, April 23, 2004 Letter
to Mr. Stephen A. Byrne, SCE&G, titled "Issuance of Renewal Facility Operating
License No. NPF-12 for Virgil C Summer Nuclear Station, Unit No. 1

SCE&G has performed a detailed review of the Renewed Operating License and Technical Specification manual that was received with the referenced letter. Errors discovered are described in Attachment I. This discovery was unexpected since an on-site page-by-page verification was performed during your last visit by you and Mrs. Donna Railey. We request that you provide a corrected copy of Page 6 of the Renewed Operating License and corrected copies of the Technical Specification pages. Also, ensure that the corrections are reflected in Adams. We would also appreciate your perspective on how we can work together to prevent a recurrence of this nature.

Thank you for your assistance in this matter.

Very truly yours,

Ronald B. Clary
